Monday Traffic Update

HART and Nan, Inc. would like to remind area residents and businesses of the start of utilities relocation work along Dillingham Boulevard. Starting on **November 28, 2022**, Dillingham Boulevard between Mokauea Street and Waiakamilo Road will be reduced to one eastbound travel lane and one westbound travel lane, 24 hours a day, 7 days a week.

Left turns from Dillingham Boulevard will be restricted. Driveway access will be maintained. Bus stops near designated work zones may be temporarily relocated.

Access from cross streets and intersections onto Dillingham Boulevard may be temporarily restricted, as needed, on weeknights from 7 pm to 5 am.

Beginning early 2023, this single eastbound and single westbound lane configuration will extend through the length of Kamehameha Highway and Dillingham Boulevard from Middle Street to Kaaahi Street.

Residents and businesses near work zones may experience elevated levels of noise during operating hours. Please anticipate and plan for delays and travel detours, observe all traffic signs and drive with caution.

For additional information and an illustrated area map, please download the notification flyer.
