## LEGISLATIVE UPDATE

### Halawa Area Transit-Oriented Development Special District and Rezoning

As part of the ongoing development of Transit-Oriented Development (TOD) regulations and zoning rules along Skyline, the Council is considering Bills 50 and 51, relating to the Halawa Area Neighborhood TOD Plan. Both bills are scheduled to be heard at the Zoning Committee this Thursday at 9:00 a.m.

### Bill 50 (2023), Relating to the Transit-Oriented Development Special District:

This bill amends the Transit-Oriented Development (TOD) Special District ordinance to include the primary design objectives of the Halawa Area Neighborhood TOD Plan, including: the development of a TOD-oriented sports and entertainment district tied to the stadium in the Halawa Station area; establishing a gateway corridor connecting the rail station and stadium; and concentrating a mix of street-level retail with consistent frontage along Salt Lake Boulevard.

### Bill 51 (2023), Relating to the Rezoning of Land Situated at Halawa, Oahu, Hawaii:

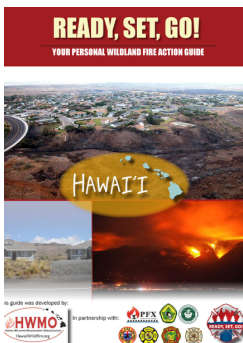

This bill amends the Land Use Ordinance (LUO) to reflect the Halawa Area Neighborhood TOD Plan to help direct and manage growth around the Skyline transit stations. The most significant change is rezoning from single to mixed uses. To gather input and inform the community of this proposal, the Department of Planning and Permitting held a community meeting at 'Aiea Elementary School on May 16, 2023, and made a presentation to the 'Aiea Neighborhood Board on June 13, 2023.
